Professional Summary

Ambitious and detail-oriented Full-Stack Developer with hands-on experience in building responsive and interactive web applications. Proficient in the MERN stack, RESTful API integration, and database management. Strong problem-solving and analytical skills, with a passion for developing scalable, user-friendly software solutions.

Education

B.Tech – Computer Science & Engineering | Tula's Institute, Dehradun (2021 – 2025) — 75.1%

Relevant Coursework: Data Structures and Algorithms, Web Development, Database Management Systems, Object-Oriented Programming

Class XII (CBSE) | Gurukul International School — 82%

Technical Skills

Languages:	Python, Java, JavaScript, C++
Frameworks/Libraries:	React.js, Node.js, Express.js, Redux, Tailwind CSS, Pandas, NumPy
Databases:	MySQL, MongoDB
Tools & Platforms:	Git, GitHub, VS Code, Postman, Vercel
Other Skills:	REST APIs, UI/UX Design, Agile Workflow, Problem Solving, Version Control

Projects

Flight Booking System (React.js, Node.js, MySQL)

Developed a full-stack flight booking platform with authentication, real-time seat availability, and secure payment integration. Implemented RESTful APIs using Node.js and Express.js for booking and ticket management.

Task Manager Web App (MERN Stack)

Built a responsive task management web application using React.js, Node.js, Express, and MongoDB. Implemented JWT authentication, CRUD operations, and real-time updates using React hooks.

Portfolio Website (React.js, Tailwind CSS)

Created a modern, mobile-responsive personal portfolio website to showcase projects and certifications. Deployed using GitHub Pages with CI/CD automation for seamless updates.

E-Commerce Store (React.js, Redux, Node.js, MongoDB)

Developed a full-stack e-commerce application featuring product listings, shopping cart, and order checkout flow. Integrated Redux for state management and backend APIs for dynamic data handling.

Certifications

- Accenture North America – Data Analytics & Visualization Job Simulation
- Machine Learning with Python – freeCodeCamp
